

Ah-Yeong Jeong

✉ wjddkdud6469@korea.ac.kr  ayjxxng.github.io  ah-yeong-jeong  Google Scholar

EDUCATION

- Korea University** Mar 2025 – Current
- M.S. in Artificial Intelligence
 - Advised by Professor [Heung-Il Suk](#) at Machine Intelligence Lab. ([MILab](#))
- Korea University** Mar 2020 – Feb 2025
- B.S. in Biomedical Engineering, with an Interdisciplinary Major in Brain and Cognitive Sciences
 - **Coursework:** Medical Image Processing, Statistics, Mathematics, and Programming

RESEARCH INTERESTS

Neuroimaging Analysis, Brain Signal Representation Learning, State Space Models, Brain Dynamics, Foundation Models, Brain Disorder Diagnosis

PUBLICATIONS

- [1] **Complex wavelet-based Transformer for neurodevelopmental disorder diagnosis via direct modeling of real and imaginary components** [[Paper](#)]
[Ah-Yeong Jeong*](#), [Da-Woon Heo*](#), [Heung-Il Suk](#)
Medical Image Analysis, vol. 109, 2026
- [2] **BrainWaveNet: Wavelet-based Transformer for Autism Spectrum Disorder Diagnosis** [[Paper](#)]
[Ah-Yeong Jeong*](#), [Da-Woon Heo*](#), [Eunsong Kang](#), [Heung-Il Suk](#)
Medical Image Computing and Computer Assisted Intervention (MICCAI), 2024 (**Oral Presentation**)
- [3] **DyBraSS: Dynamic Brain State Modeling with State-Space Model**
[Ah-Yeong Jeong](#), [Seungwoo Jeong](#), [Da-Woon Heo](#), [Heung-Il Suk](#)
Under review, 2026
- (* denotes equal contribution)

EXPERIENCES

- Machine Intelligence Lab, [MILab](#)** | Korea University Nov 2023 – Feb 2025
- Undergraduate Research Intern
 - Advised by Professor [Heung-Il Suk](#), Korea University

ACADEMIC SERVICE

- Reviewer**, Medical Image Analysis 2025

VOLUNTEERING

- Korea University Brain Science Academic Society, NewLearn** Mar 2023 – Dec 2023
- Vice president
 - Advised by Professor [Dong-Joo Kim](#)
 - Organized and led interdisciplinary academic activities across neuroscience, cognitive science, and mathematics
 - Attended KSBNS (Korean Society for Brain and Neural Sciences) 2022
- Computational Neuroscience academic club, Neuromatch** Sep 2022 – Dec 2023
- Team Leader

- Organized group study and discussions on computational neuroscience
- Completed [Neuromatch Academy](#) (NMA) 2022

National Union of College Students in Brain and Cognitive Sciences, Synapse

Jun 2022 – Dec 2023

- Member
- Organized inter-university symposiums across brain science societies

SKILLS

Language

- Korean (Native)
- English (12+ years of education)

Programming

- Python (PyTorch, TensorFlow, NumPy, Pandas, Scikit-learn, Matplotlib), Bash/Shell.
